

## Call for Special Sessions / Tracks

The **ICA2S 2025** invites proposals for **Special Sessions and Tracks** as part of the upcoming conference. These sessions provide an excellent opportunity to highlight emerging topics, foster in-depth discussions, and bring together researchers working in focused areas. A special session may span from a quarter-day to a half-day and should include **at least four peer-reviewed papers**.

All accepted papers will be published in the **ICA2S 2025 Conference Proceedings** and must therefore meet the same high-quality standards as regular submissions. Each paper will undergo a rigorous peer-review process.

## Proposal Guidelines

Proposals should include the following:

- **Session Title**
- **Session Overview / Scope** (brief abstract describing the theme and objectives)
- **Organizer Details** (names, contact emails, and a short professional biography)

The organizing committee will review all proposals based on **relevance, originality, and quality**. Selected proposals will be notified accordingly. Please note that sessions with an insufficient number of accepted papers may be cancelled, in which case the accepted papers will be reassigned to appropriate regular sessions.

## Responsibilities of Session / Track Chairs

Session/Track Chairs play a key role in shaping the thematic focus and success of their session. Their responsibilities include:

- Proposing the **session/track topic** and potential contributors
- **Inviting authors** from their professional network (colleagues, collaborators, students, etc.)
- Actively **promoting the Call for Contributions** and encouraging submissions

**Recognition:** Each Session/Track Chair will receive a **Certificate of Appreciation** for their contribution to the conference.

## Proposal Submission

Please send your proposal directly to the **Technical Program Committee (TPC) Chairs** at: [tiaih@gmu.ac.ae](mailto:tiaih@gmu.ac.ae)

We look forward to your innovative ideas and contributions that will help make ICA2S 2025 a dynamic and impactful event.
